NAMIBIA NATIONAL ANTHEM

Namibia, land of the brave
Freedom fight we have won
Glory to their bravery

Whose blood waters our freedom

We give our love and loyalty
Together in unity

Contrasting beautiful Namibia
Namibia our country

Beloved land of savannahs
Hold high the banner of liberty

CHORUS

Namibia our Country,
Namibia Motherland,

We love thee.

AFRICAN UNION ANTHEM

Let us all unite and celebrate together

The victories won for our liberation

Let us dedicate ourselves to rise together

To defend our liberty and unity

O Sons and Daughters of Africa

Flesh of the Sun and Flesh of the Sky

Let us make Africa the Tree of Life

Let us all unite and sing together

To uphold the bonds that frame our destiny

Let us dedicate ourselves to fight together

For lasting peace and justice on earth

O Sons and Daughters of Africa

Flesh of the Sun and Flesh of the Sky

Let us make Africa the Tree of Life

Let us all unite and toil together

To give the best we have to Africa

The cradle of mankind and fount of culture

Our pride and hope at break of dawn

O Sons and Daughters of Africa

Flesh of the Sun and Flesh of the Sky

Let us make Africa the Tree of Life

WELWITCHIA HEALTH TRAINING CENTRE - PRAYER

God who is just and yet merciful

Bless us as we gather here
May our hard work and enterprise

Be rewarding and fruitful

May we be protected and strengthened
in our quest for knowledge
As we expand our minds, open our hearts
and
extend our hands

We pray for guidance and continued
steadfast love.

Amen.

CONGRARRTURATORY MESSAGE FROM HODS

Dr Emanuel Magesa (HoD Pharmacy Department): Congratulation on your tremendous accomplishments and graduation from Welwitchia Health Training Centre (WHTC)! I wish you all tremendous success in the future. Always follow your goals and they will be met. Although 2020 has been a difficult year due to COVID-19 pandemic, I hope things will get better and the future is yours!

Mr Jamela Dube (Environmental Health Department): We have always said a journey of thousand miles starts with a step. The first milestone has been achieved. It is time to spread your wings and fly high up the sky. Never stop to anything. You have worked so hard and it all paid off at last. Indeed you have made us all proud as the Environmental Health Sciences Department. May this be only the beginning of your success and glory.

Mrs Zahara Salim (Department of Nursing): You are an achiever. You have made us all proud; keep up the good work. It must be a very proud moment for you. All of the hard work you have put in has paid off. Your reward lies ahead. Have a successful future.

Ms Hilma Mulundu (HoC-Walvisbay): The road to your success in Nursing career continues, as you have achieved a new milestone in education. We wish that the success keep following you in everything. As you pledge in oath taking, may you all keep the promise and go make a difference in Health and the society.

Mr Hans Mwinke (SRC President 2019-2020): On behalf of the Student Representative Council, we are pleased to crown our achievers and our heroes. They have fought and won a never-ending battle of excelling in education and for this they have laid a foundation and a mark that through hard work and persistence anyone with a mission can make it.

BRIEF HISTORY OF WELWITCHIA HEALTH TRAINING CENTRE

Welwitchia Health Training Centre (WHTC), is a Registered Private Institution of Higher Learning in Namibia with a special focus on Health, Social and Management Sciences. The Institution opened its doors to the Students in September 2013 and continues to complement Government's efforts in addressing skills shortage both in Namibia and beyond. WHTC was founded by professional women with a keen interest in empowering the previously disadvantaged communities. WHTC is managed by a Team of Experts and Academics Accountable to the Governing Board. Welwitchia University and its programmes continues to be accredited and recognized in Namibia by the Health Professions Council, Namibia Qualifications Authority among others.

VISION

To be the Center of Excellence in Health, Social and Management Sciences in Namibia and beyond.

MISSION

The Mission of WHTC is to develop and equip professionally qualified persons in the Health, Social and Management Sciences through Academic Pursuit and Practical On-Job Training.

CONSTITUTION OF THE CONGREGATION

"I, Professor Scholastika Ndatinda lipinge , By the Authority vested in me as Rector and Principal Officer of Welwitchia Health Training Centre hereby declare that this Congregation is officially declared and constituted as the second Graduation Ceremony of Welwitchia Health Training Centre to award and confer fully accredited Degrees to Graduands who have successfully satisfied both the Academic and Non Academic Requirements as required by Welwitchia Health Training Centre Rules and Regulations."

THE PATHWAY TO CLIMB THE ACADEMIC LADDER

When I was young, my mom used to tell me that, if you want to achieve anything in life remember three words **DETERMINATION, FOCUS** and **COMMITMENT**. My mom would tell me to repeat after her those words everyday before she let me go to school, where I used to walk about 8 kms to reach school. As I grow up and continue my journey in academia, those three words become reality and the pillar of my strength in my academic career.

The pathway to climb the academic ladder is not an easy and short. From the low level to the highest level, you will need to spend much of your time in reading, studying, researching, publication and teaching in order to reach at the highest level of academia. And this pathway is full of 'thorns' which can be disappointment, failure, discouragement and fear. In order to move forward despite all odds remember the three pillars of strength **DETERMINATION, FOCUS** and **COMMITMENT**.

CONSTITUTION OF THE CONGREGATION

"I, Professor Scholastika Ndatinda lipinge , By the Authority vested in me as Rector and Principal Officer of Welwitchia Health Training Centre hereby declare and certify that these graduates who have successfully satisfied both the Academic and Non Academic Requirements of Welwitchia Health Training Centre as presented today, are now officially graduates of Welwitchia Health Training Centre."

NURSING PLEDGE

CLARA BARTON SCHOOL OF NURSING

THE NURSES' SERVICE PLEDGE

I solemnly pledge myself before God and in the presence of this assembly, to practice my profession faithfully.

I declare that my ultimate responsibility as a nurse is to promote and safeguard the total wellbeing of my clients, their families and the community at large based on the concept of Primary Health Care.

My practice will be founded on respect for my clients' humanity, dignity and individuality.

I undertake to treat my clients equally and will not allow that social, economic, political, religious or cultural differences influence the care I render.

To fulfil the needs of my clients, I will endeavour to understand and address it with compassion and empathy.

I accept it as my duty to protect the interest of my clients and to maintain professional secrecy.

I will comply with all moral, legal and professional standards in the execution of my duties and inspire others in achieving our shared vision.

Finally, I pledge to maintain the highest level of knowledge and skills; and to contribute towards the development of my profession through research and continuous professional development.

THE MEANING OF THE LAMP IN THE PLEDGE OF SERVICE

The lamp in your hand is the symbol of those who keep vigil over the sick.

It is a symbol of the philosophy of the nursing profession; that those who nurse should be a light to others.

It is a beacon of comfort and kindness and gentleness and courage, and an unwavering devotion to caring for humanity.

It indicates that you are prepared to develop your profession and to practice it in the light of the sciences, which are the building blocks of medical and nursing sciences.

It confirms that you are prepared to carry out your professional acts in accordance with the legal and ethical codes of your profession, and that you are prepared to care for man in his uniqueness with knowledge and compassion.

It is the symbol that indicates that you are prepared to be the following for those who need your help:

- The eyes of the blind that are sick.
- The power of movement for those who cannot move (i.e. the unconscious and or injured individuals).
- The hands of those who do not have the strength to care for themselves.
- The comforter of those who are alone or are grieving.
- The nourisher of those who cannot eat.
- The protector of those who are helpless and those who are vulnerable.
- The mind of those who are unconscious.
- The one who guards off hazard threatening the sick.
- The intermediary between the doctor, other health care team members and the patient.
- The advocate for those who are vulnerable

It confirms that you as professional nurses are prepared to submit to the discipline of your profession.

It serves as proof that you are prepared to serve as role model of your profession.

It gives you the reveille of nursing.

"Let the oil of knowledge and of love always ensure that your lamp burns brightly."

MEANING OF ENVIRONMENTAL HEALTH EMBLEM

- Environmental Health is the profession that protects individuals and community wellness through health promotion activities and enforcement of acts and regulations. They assist in reducing the potential for hazardous environmental problems by researching, analyzing data, reporting and liaising with the health departments, the community and other professionals.
- Environmental Health Practitioner helps to reduce the incidence of communicable diseases and health hazards, performs technical assessment, provides consultative and educational services, and ensures the community development does not conflict with an unhealthy environment.
- The tap symbolizes monitoring quality of drinking water by sampling and inspecting water supplies to ensure that standards are met as prescribed by WHO.
- The insect symbolizes the controlling of vector-borne diseases. An EHP/A must have technical knowledge of application of entomological survey to identify the possibility of vectors in the areas and the used chemicals.
- The house symbolizes the importance of providing and suitable shelter and advising the provision of health housing structures.
- The fork & knife symbolizes the inspection of premises in order to reduce the potential for food-borne diseases. Evaluate and approve plans and specifications for new and or renovated food premises to ensure compliance with pertinent legislation.
- The pollution symbol symbolizes the control and prevention of pollution activities by reducing or eliminating the release of pollutants (contaminants, usually human-made) into the environment into the environment. It is regulated by various legislations that establish limits for the discharge of pollutants into the air, water and land.
- The radiation symbolizes the prevention and avoidable of radiation injury from radiation sources and to keep public, environmental and worker exposure to radiation-producing machines and radioactive materials to acceptable levels.

Monika Pendukeni

CO-FOUNDER AND DIRECTOR

The Guest of Honour, Distinguished Guests, Staff, Parents and Graduates there is a saying that every beginning has an ending. We have come to the end of a momentous occasion on WHTC Calendar and in our graduates' lives. I am pleased to convey our sincere appreciation for your attendance and participation which has made our day not only successful but memorable.

Special mention goes to our Guest of Honour, Sponsors and all the Stakeholders for your immense contribution

To the Graduates I say, today you join a long line of distinguished alumni who take responsibility seriously and work towards making the world a better place.

So, I ask you now: How will you put your education to use? What will your gifts to the world be? Will you be a mentor to others? Will you keep vigil over the sick? Will you be a beacon of comfort and kindness and gentleness and courage, and an unswerving devotion to caring for humanity? Will you endeavor to totally protect the environment and promote primary health care of everyone you serve? And will you dedicate yourself to serve the community and the nation at large through the promotion and safe guarding of environment health, uphold the professional values and philosophies while at the same time being a dedicated ambassador of WHTC?

That being said, I hope you leave here with a deep appreciation of your time at Welwitchia and a strong commitment to put your education, energy, and enthusiasm to good use to make this a better world for succeeding generations.

Congratulations and best wishes!

I thank you
